MY MOM

My Mom once told me that she walked into a room where a couple of friends were discussing her, they didn't know she was there. she shook her head, smiled and walked away.

My Mom also told me that she had a friend who talked bad about her, she never knew that Mom found out, Mom never mentioned it. She smiled and walked away from this friendship..She told me she had family who chose to shift her out of their life because she stood up for herself for

a change. And because she stopped crossing oceans for them when they would not even help her cross a bridge. She smiled, shook her head and walked away.

So I asked her how she could just walk away from people that betrayed her while pretending to be her friends or family?

She answered that every time she came to a crossroad like that, she had to decide who will be going forward on her journey with her. This showed her who

she cannot take along with her.

So she explained to me that you should never get mad at a person who betrays you, even in the name of friendship or family. Just gracefully bow out and enjoy your journey with all the new people God puts in their place.

“Let people serve thee, and nations bow down to thee: be lord over thy brethren, and let thy mother’s sons bow down to thee: cursed be every one that curseth thee, and blessed be he that blessed thee.”

GENESIS 27: 29

IS CHURCH NON-ESSENTIAL

Christians , before you criticize the government putting the church into non-essential business, ask yourself first did you do the same as a Christian? Did you treat the church as non-essential in your life? Did you skip services? Did you

come 10 minutes late or perhaps 30 minutes late? Did you put church after your dream job, your big client meeting, your family road trip? Did you treat the worship service as nothing more than a music concert or entertainment? Did

you listen to sermons no different than self-help psychology? Don't be silly, we as Christians have long treated church as non-essential, that's why the world sees through our hypocrisy. No need to win a debate, win your souls.

Make sure you test positive for FAITH. Keep distance from DOUBT, and isolate from FEAR. Trust God through it, all.

DO YOU BELIEVE GOD DOES MIRACLES

A 15- year-old was inside a bus, he got up and said to the Passengers that the coming of the Lord Jesus was close. So a man shouted, shut up, you don't know anything and that Jesus doesn't even exist. The young man was embarrassed and sat down. But God kept bothering him so that he

would rise again and keep talking about the coming of Jesus. And he obeyed the voice of God and kept saying: Jesus is coming back repent of your evil ways and except Him. Then the man rose with a child, and reached out his arms to attack the young man, the child said to him: Do not hit him daddy

he is sent from God. Then the man fell to his knees and began to cry, the young man asked him: Why are you crying? The man said: My son was mute and now he is talking.

Moral of the story: God is faithful. Honor the faith of His chosen!

While You're Sanitizing And Wiping Everything Down, Be Sure To Wipe Hatred Out Of Your Heart. That's A Virus Too.

GOD'S WISDOM

Drink water from the spring where horses drink. The horse will not drink bad water. Lay your bed where the cat sleeps. Eat the fruit that has been touched by a worm. Boldly pick the mushroom on which the insects sit. Plant the tree where the mole digs. Build your house where the snake

sits to warm itself. Dig your fountain where birds hide from heat. Go to sleep and wake up at the same time with the birds- you will reap all of the days golden grains. Eat more green- you will have strong legs and a resistant heart, like the beings of the forest. Swim often and you will feel on

earth like the fish in the water. Look at the sky as often as possible and your thoughts will become light and clear. Be quiet a lot, speak little- and silence will come in your heart, and your spirit be will calm full of peace.

When You Thought I Wasn't Looking

When you thought I wasn't looking
You hung my first painting on the refrigerator
and I wanted to paint another.

When you thought I wasn't looking
You fed a stray cat
And I thought it was good to be kind to animals.

When you thought I wasn't looking
You baked a birthday cake just for me
And I knew that little things were special things.

When you thought I wasn't looking
You said a prayer
And I believed there was a God that I could
Always talk to.

When you thought I wasn't looking
You kissed me good-night
And I felt loved.

When you thought I wasn't looking
I saw tears come from your eyes
And I learned that sometimes things hurt
But that it's alright to cry.

When you thought I wasn't looking..
I looked at you and wanted to say,
"Thanks for all the things I saw when you
Thought I wasn't looking."

**DEATH WAS PROOF THAT
JESUS WAS HUMAN
RESURRECTION WAS
PROOF THAT HE IS GOD.**

**If you can trust a puzzle company
to make sure every piece is in the
box to complete the puzzle, then
why can't you trust GOD that
every piece of your life is there
for a reason.**

*Life is short, live it. Love is rare,  
grab it. Anger is bad, dump it. Fear  
is awful, face it. Memories are  
sweet, cherish them.*

*“When pregnant, the cells of the baby migrate into the mother’s bloodstream and then circle back into the baby, it’s called “fetal-maternal microchimerism.”*

*For 41 weeks, the cells circulate and merge backwards and forwards, and after the baby is born, many of these cells stay in the mother’s body, leaving a permanent imprint in the mothers tissues, bones, brain, and skin, and often stay there for decades. Every single child a mother has afterwards will leave a similar imprint on her body, too.*

*Even if a pregnancy doesn’t go full term or if you have an abortion, these cells still migrate into your bloodstream.*

*Research has shown that if a mother’s heart is injured, fetal cells will rush to the site of the injury and change into different types of cells that specialize in mending the heart.*

*The baby helps repair the mother, while the mother builds the baby.*

*How cool is that?*

*This is often why certain illnesses vanish while pregnant.*

*It’s incredible how mothers bodies protect the baby at all costs, and the baby protects & rebuilds the mother back— so that the baby can develop safely and survive.*

*Think about crazy cravings for a moment. What was the mother deficient in that the baby made them crave?*

*Studies have also shown cells from a fetus in a mothers brain 18 years after she gave birth. How amazing is that?*

*If you’re a mom you know how you can intuitively feel your child even when they are not there. . .Well, now there is scientific proof that moms carry them for years and years even after they have given birth to them.*

*I find this to be so very beautiful.*
